PROFESSIONAL SUMMARY

I am a results-driven IT professional skilled in full-stack application development, cybersecurity, and project management. I excel in architecting and securing end-to-end IT solutions, leveraging expertise in cloud-native applications and IoT ecosystems, supported by my ICDL certification.

EXPERIENCE

IT Monitor & Junior Developer | KING DAVID ACADEMY, KIGALI, RWANDA | 2024 – 2025

- *I led a team to update the library database, improving resource retrieval efficiency.*
- *I built a web application for equipment tracking using HTML, CSS, and a spreadsheet database.*
- *I acted as first responder for IT incidents, resolving malware and securing accounts from threats.*
- *I created a functional weather station with an Arduino that displayed data on a local webpage.*
- *I assisted in debugging and troubleshooting code for assignments in Scratch and Python.*

EDUCATION

- **Primary Education:** Completed at Muyumbu Songa Private School (MSPS).
- **Secondary Education (O-Level):** Studied at College Doctrina Vitae.
- **Secondary Education (A-Level):** Completed at King David Academy, earning a BTEC qualification in Information Technology.
- **Tertiary Education:** Currently pursuing a Bachelor's degree in Software Engineering at the Adventist University of Central Africa (AUCA).
